

# EUniWell's Seed Funding Programme

European University for Well-Being

## Fostering cooperation for well-being

The **Seed Funding** programme is one of EUniWell's landmark projects funded by the member institutions themselves which fosters bottom-up collaboration along the Alliance's mission to understand, measure, rebalance, and improve the well-being within universities and society as a whole.

### Key accomplishments to date

**41** projects funded in **5** competitive calls with an average of **4.7** partners and a total of **1440** beneficiaries working across the **5** Thematic Arenas.

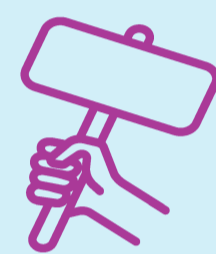

24%

Health

32%

Social Equality

17%

Environmental Change

5%

Culture & Multilingualism

22%

Teacher Education

### Participant feedback

**All**

coordinators approached new partners

**84%**

of project members rate their experience as very good

**80%**

of the coordinators developed a new and unique project idea

**75%**

of project members will collaborate again

The evaluation is based on a statistical analysis of 25 midterm and 24 final reports of the pilot phase and a survey among SFC funded project participants (as well as SFC applicants) conducted in late 2023.
